

Middle UI/UX Designer

Location: 8thFloor, VTV8 Building, 258Bach Dang Street, Hai Chau Ward, Da Nang city.

About us

Trung tâm kinh doanh OTT is a subsidiary of VTVcab – a leader in the Media in Viet Nam.

- Our main business content is product development & data science.
- In product development, we have provided consulting services and developing services over a wide range of technology products in the field of Media.
- In the data business, we not only analyze data but also combine them to add more value for the customers.

Responsibilities

- Build a national OTT platform that can compete with international platforms such as YouTube, TikTok, etc,...
- Develop information architecture, user flow, hi-fi wireframes, and visual interfaces
- Collaborate with engineers to ensure creative styles are within technical constraints
- Test the feasibility of the design by prototypes
- Make sense of the different problems faced by many groups of users with innovative solutions
- Identify and troubleshoot UX problems for end-user interfaces
- Contribute to and maintain design systems. Develop perfect-pixel specs and design documentation, based on product requirements

Requirements

- Bachelor's degree in Design, Visual Arts, or a related field
- 3+ year of UI and UX Design experience in roles such as UX UI designer, interaction designer, or similar positions
- A good portfolio
- An eye for aesthetic design
